## State Level Students Poster Presentation on “Recent Trends in Science and Technology”

### Objectives:

- To promote the interest of research among the students.
- To develop the communicative skills of the students so that they could represent their innovative ideas effectively.
- To make the students aware of the importance of recent trends in science and technology.

### Introduction:

The Science Forum of the college conducts **State Level Students Poster Presentation on ‘Recent Trends in Science and Technology’** from 2013-14 continuously. The Science Forum, discussed about the idea: how to execute the activity; to form the terms and conditions for the student participants; to prepare the brochures and circulate among all the higher institutions of Maharashtra. Then all the initiatives were taken accordingly.

In February, 2014 this particular activity was initiated and since then it has been made a regular event. In Marathwada Region, our college is the first to start this activity. This activity has created curiosity among the students who seem to have benefited by the activity. Few students have participated in the Avishkar and gave appreciable performance.

More than hundred students, throughout the state participate. In the beginning we faced the problem of sufficient space. We could conduct the event in the corridors. Hence, it was difficult to manage all the aspects of the event. Hence, from the next year, we started conducting the event in the Auditorium. We needed human resources for the smooth conduct of the event: the monitoring of all the aspects of the event; the discipline; the management of lunch we serve for the participants; arrangement of prize distribution function; seating arrangement etc. Hence, we started to form the temporary committees as per the situational demands so as to manage all the aspects of the event.

### **Rules for participation:**

- The size of the poster should be 1M X 1M.
- Each participants should have to pay Rs. 100/- against registration fee.
- The college has to do registration of teams for participation on or before one day.
- The participants will have to maintain discipline and to obey the orders of the organizing committee.
- There will be no change in the final decision of the experts regarding prizes.
- The prizes, certificates and memento will be distributed at 04.00 p. m. on the same day in prize distribution ceremony.
- All the participants shall be given the certificates.
- Lunch will be provided.

### **Categories and Prizes:**

#### **Life Science**

1<sup>st</sup> Prize Rs. 2500/- and Memento  
2<sup>nd</sup> Prize Rs. 2000/-

**Evaluation:**

Transparency in terms of the evaluation of the posters presented is maintained. The evaluation is done through the judges who belong to other colleges in the region.

Prizes are awarded to the outstanding participants in a well organized Prize Distribution Function. One prize for 'Best Performing College with Student Excellence' will be given in the form **Excellence Trophy**. Best performing college will be judged only when there are at least three poster entries from a college.

There can be only three students presenting one poster. The award will be given on the basis of appreciable performance.
